

## Year 6 Indonesian cooking lesson.

The Year 6 students in T11, T12 and T13 recently participated in an Indonesian cooking lesson. During the lesson, students learnt to make 'Martabak Manis' or 'Terang Bulan'. They thoroughly enjoyed making the dessert with crumpets and Nutella, although they probably enjoyed eating them more! Some of the students had the privilege of having a second helping with some leftovers. During the lesson, students not only learnt the Indonesian Language but experienced Indonesian cuisine through taste testing. Cooking lessons are an important part of the *Indonesian Languages Program* at APS. Cooking encourages students to appreciate the Indonesian culture and provides them with instant insight into the diversity of Indonesia and Indonesian cuisine.
